[redacted] Paul Walsh called relaying a request from the DCI, said that Senator Javits was asking if the Agency had any tapes of Ramsey Clark during his visit to Vietnam in July and August of 1972 or any tapes of his statements at later press conferences. I told Paul I would check and call back. [redacted] checked our records in the Archives, and we have 5 recordings from Hanoi-English in the period from 5-12 August containing statements by Ramsey Clark. The first of these was his comment after visiting Lan Sluice. The second contained comments on the U.S. bombing in Haiphong, which also was carried at a later date. The third contained the impressions of his visit to the bomb areas in Thanh Hoa Providence. The fourth was his statement before leaving Hanoi. I relayed this information to Thelma and told her the recordings were in the [redacted] and if they wanted them urgently they could be brought up today, otherwise they could be brought up routinely next Tuesday.

Paul called back and asked if I had any idea of the length of the statements or the general content. I replied negatively on the length and advised him of the general content. He asked if they had been carried in the Daily Report and I said I was pretty sure they had and would check for volume and page numbers.

In checking with [redacted] on whether the Trends had carried material on Ramsey Clark's visit (on pp 10-11 of 9 August 1972 and pp 1-2, 16 August 1972), [redacted] subsequently learned that AG had serviced a request from [redacted] in OLC for Senator Javits for material published in the Daily Report on Ramsey Clark. Numerous pages were xeroxed and sent to [redacted] OLC through L&R.

The transcripts of the tapes we have were published in the following Asia & Pacific Daily Reports:

- 15 August 1972 - pp k 5-8 1+2
- 16 August 1972 - pp k 1-4 3+4
- 21 August 1972 - pp k 23-24 5

I called [redacted] to see if he had been cut in on any of this. He had not and was very appreciative. I briefed him fully and he said he would try to get to Walsh since this was a pretty sticky issue.

1. [redacted] (ADMIN-INT USE ONLY) Received a call from [redacted] [redacted] requesting copies of items published in August 1972 on Ramsey Clark and his group's visit to N. Vietnam. He needed the items for Sen. Javits and was particularly interested in comments made on destruction in N. Vietnam caused by our (U.S.) bombing, but wanted all we had. [redacted] was on leave; [redacted] selected the items from AG's U.S. Dissent file. Copies were xeroxed and forwarded to [redacted] (cc: O/Director, EPS, C/AG, OLC Lia.)
